

### OVERVIEW

Series 619 is a Casambi repeater within an IP65 rated box. This repeater is to be used for Casambi networks to strengthen the mesh or create a bridge to other devices. Used for extending distance between luminaires or re-routing around objects which may block the signal. The unit just needs pairing into the network as a device, but no commissioning is necessary. The device will appear as one node so will take up 1 of the 250 nodes allowed per network.

### FEATURES

- Casambi Repeater
- Fix island issues
- Extend network
- 240VAC input only

### OPTIONS

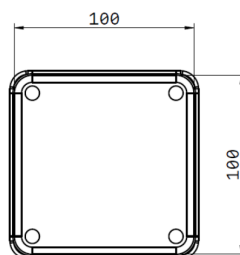

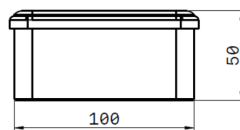

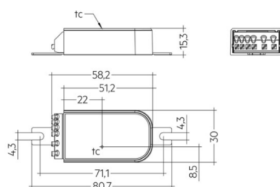

Mounting can be on wall or within ceiling void
